Designed with a horizontal architectural approach, Vadi Yaşam offers a spacious and balanced lifestyle through its low-rise layout.

A well-planned living environment in harmony with nature.

Tunçhan Group & Karahan Group

A LIFESTYLE ENHANCED BY HORIZONTAL ARCHITECTURE.

Where Does the Name Vadi Yaşam Come From?

Vadi Yaşam draws its inspiration from the location of the project and the natural relationship it establishes with its surroundings.

Its dominant position overlooking both sides of the valley forms the foundation of the architectural concept.

On one side of the valley, residences open up to spacious views, while on the other, a calm and balanced living environment has been planned.

This dual-oriented layout adds both visual and spatial value to the project. 'Yaşam' represents a holistic lifestyle in which approximately 56 families will live together within a well-planned residential community, supported by social amenities and shared spaces.

With its horizontal architectural approach, Vadi Yaşam aims to become an integral part of the natural landscape in which it is located.

A Balanced Architectural Approach.

Designed with a horizontal architectural approach, Vadi Yaşam offers a spacious lifestyle through its low-rise layout and well-planned structure. Spaces integrated with natural light and a balanced layout enhance everyday living comfort.

Ephesus: One of the Oldest Cities in the World

A lifestyle just 2 km away from Ephesus, one of the most important centers of the ancient world.

*Şirince: One of the Most Beautiful Villages of
the Aegean.*

Vadi Yaşam is located just 5 km from Şirince, a village that preserves the characteristic texture of the Aegean.

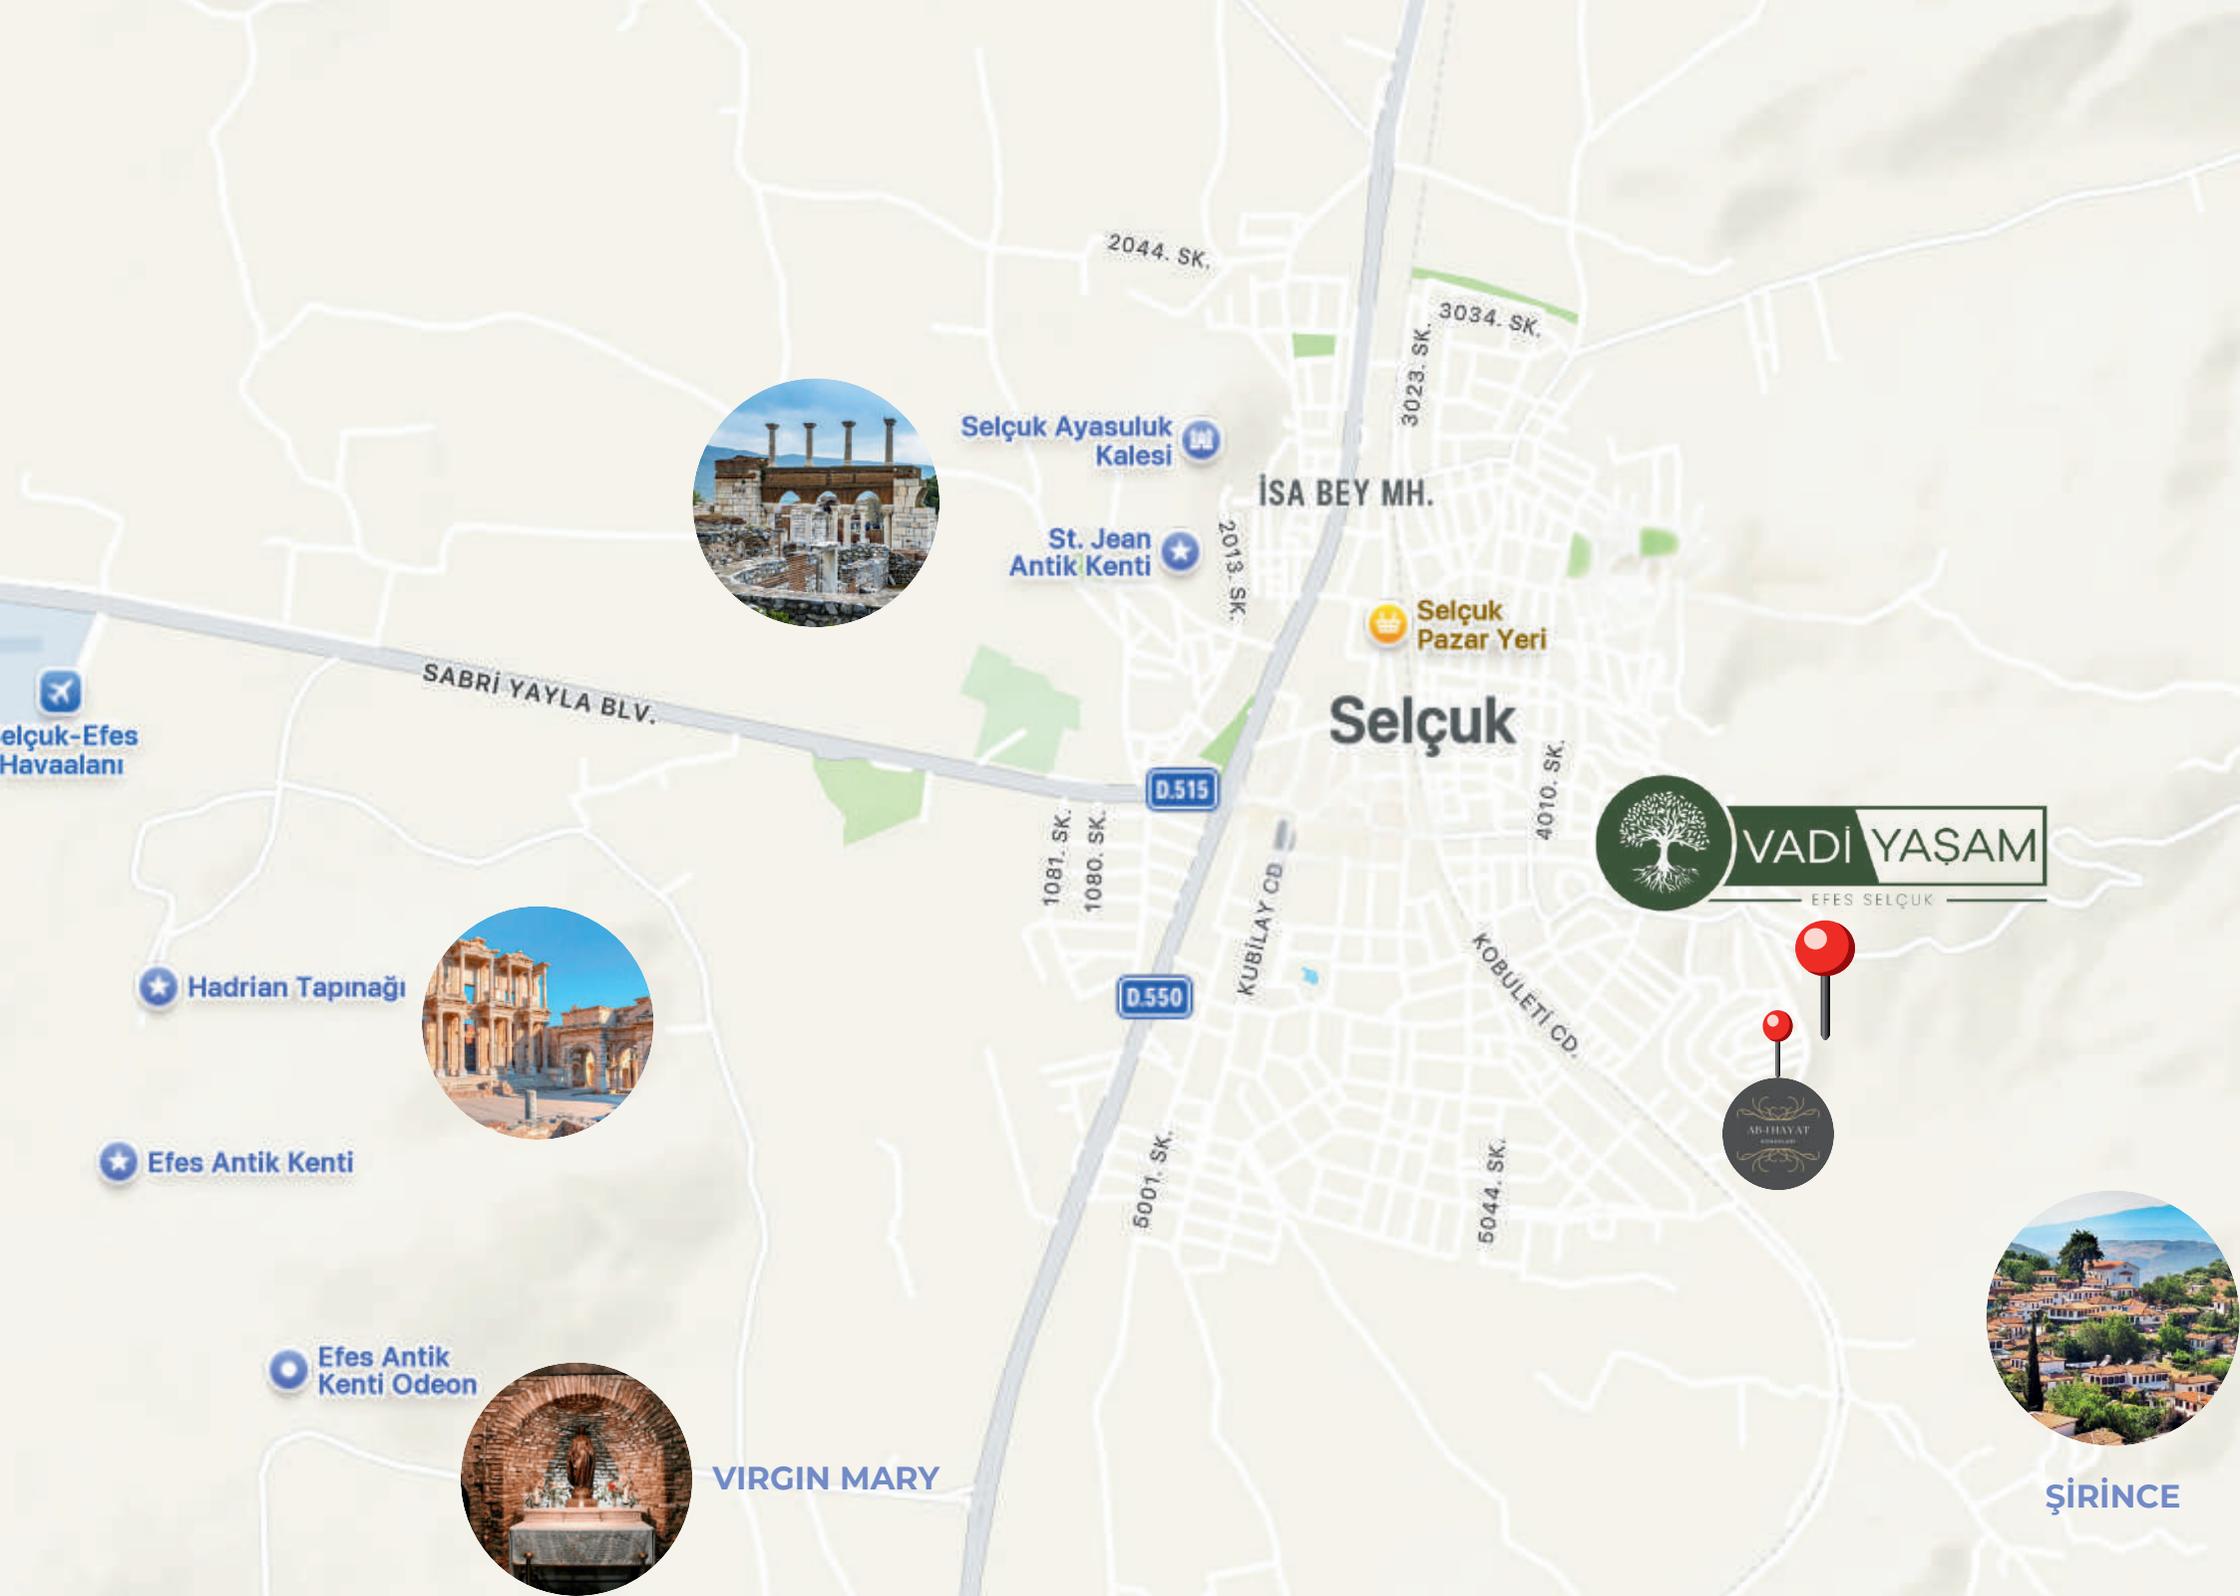

Easy Access to the Aegean Coast.

Located just 7 km from Pamucak Beach, one of the world's longest coastlines, known for its wide sandy shore and open horizon.

Close to a Historic and Spiritual Center

Located just 3 km from the House of the Virgin Mary, Vadi Yaşam stands in close proximity to one of the region's most significant landmarks.
